

Providing Comfort and Ease!

Laterals fasten with Velcro making them easy to remove and reposition anywhere along the pad for ideal user comfort.

Lateral Support Assembly

FEATURES

- Installs easily over back
- Pressure relieving assembly incorporates adjustability, side to side positioning, and upright postural positioning.
- Customizable to fit each user's individual needs.

COVER

The Lateral Support Assembly comes standard with a Comfort-Tek fabric cover, which is designed for pressure relief and comfort. The fabric's multi-dimensional stretch alleviates pressure on bony prominences. Soft to the touch, Comfort-Tek is fluid-proof and is easily cleaned with detergent.
