**MANUFACTURER WARRANTY**

BRODA® Canada ULC  
(Subsidiary of Mity, Inc.)  
560 Bingham Centre Drive, Kitchener, ON N2B 3X9

From date of purchase BRODA provides a Three Year Warranty on the chair frame, and a Two Year Warranty on all other components subject to the following conditions:

**A serial number or invoice number must be given for warranty coverage.**

The chair frames are guaranteed for three years against structural defects or failure. All other parts including but not limited to strapping, cushions, gas springs and attachments, casters, wheels, brakes and armrests are guaranteed for two years against defects in materials and workmanship based on normal institutional use. This warranty does not cover damages that arise from improper handling, cleaning, or negligent use; inclusive of exposure to improper solutions or abrasives, exposure to heat sources, use of sharp objects, excessive agitation, pooling of fluids, or similar negligent acts. The warranty does not cover use of BRODA chairs in a shower or pool, with the exception of the BRODA Commode/Shower Chair.

Modifications to BRODA products or the use of non-BRODA supplied parts voids the warranty. This warranty does not cover freight damage (see Damaged Freight Section).

BRODA will provide new or refurbished parts for installation by the owner at no cost following confirmation by the local BRODA Representative or the BRODA Head Office Customer Service Representative. On request, defective parts must be returned to the factory within thirty days of receipt of the replacement parts by the owner. If the defective parts are not returned to BRODA on request, the owner will bear the cost of the replacement parts on invoice from BRODA. Photos of defective parts may be requested as an alternate to returning product.

Warranty does not include on-site labour for the installation of warranty parts or warranty repairs. The owner may return to BRODA products for warranty replacement or repair by shipping items prepaid and insured to the factory. Warranty completed at the factory includes both materials and labour. The decision to repair or replace parts is at the discretion of BRODA. All returns to the factory require prior authorization from BRODA.

BRODA retains the right to make product design and product application changes without notice. All warranty orders will be filled with BRODA's current models unless otherwise specified by the purchaser. BRODA will support all Chairs/Products for 7 years (life of the Chair/Product) from date of manufacture. The 3 year structural warranty and 2 year nonstructural warranty apply from date of purchase. (It is perceived that the 2 and 3 year warranties should not conflict with the 7 year life of the chair/product.)

BRODA chairs are designed for patient mobility, positioning, and comfort in specialty seating, however, the application of BRODA products shall remain the responsibility of the purchaser or user.

This warranty is not transferable.
